Our Mission

The St. Anthony's Preschool will fulfill the physical, emotional, social, cognitive, and spiritual needs of the children it serves. Based on Catholic beliefs and traditions, the program will provide a quality education that will aid in developing the "whole child". St. Anthony's Preschool is committed to nurturing the faith of the young child as well as providing developmentally appropriate practices in meeting the needs, interests, and abilities of the children. Children will learn of God's love and of Jesus' everlasting friendship, find a wide variety of learning experiences in all academic areas, and develop a positive feeling about themselves and an excitement toward a lifelong love of learning. St. Anthony's Preschool believes in a strong home-school connection with the faculty and parents working together in the success of the child's education.
